

STATE OF TRAFFIC SIGNALS AND INTELLIGENT TRANSPORT SYSTEMS IN SOUTH AFRICAN CITIES

A AUCAMP

eThekweni Transport Authority
Email: Andrew.aucamp@durban.gov.za

ABSTRACT

The presentation will cover the traffic signal system in eThekweni, including the number of signals, design, controller types and the In-station. It will also show the design of the signals for the Go!Durban IPTN system.

The ITS part of the presentation will cover the Integrated Fare Management System, Public Transport Management Systems (Lite) and the Traffic Management Centre for Go!Durban. Lastly, the current state of the Freeway Management System will be discussed.
