

Supplementary Table 2. Summary of genetic variability including nucleotide diversity (Pi) and individual heterozygosity (H) detailed for the Northern, Southern and Cadis clusters. SD= Standard deviation.

Cluster	Pi	SD	H	SD
Northern	0.234	0.160	0.249	0.005
Southern	0.240	0.155	0.263	0.022
Cadis	0.227	0.211	0.241	0.014
