

## SUBJECT INDEX

	<i>Volume and page</i>	
<b>Acarina</b>		
The activity of insect juvenile hormone mimics in larval <i>Amblyomma hebraeum</i> Koch (Acarina: Metastrata: Ixodidae). K. R. SOLOMON & AILEEN A. EVANS.....	45	39-42
Genetic incompatibility between <i>Boophilus decoloratus</i> (Koch, 1844) and <i>Boophilus microplus</i> (Canestrini, 1888) and hybrid sterility of Australian and South African <i>Boophilus microplus</i> (Acarina: Ixodidae). A. M. SPICKETT & J. R. MALAN.....	45	149-153
Effects of <sup>60</sup> Co irradiation on <i>Amblyomma hebraeum</i> Koch, 1844 (Acarina: Ixodidae). A. M. SPICKETT.....	45	197-201
<b>Adjuvant</b>		
Method of production of and antibody response to an oil adjuvant <i>Bacteroides nodosus</i> bacterin. C. M. CAMERON & W. J. P. FULS.....	45	143-147
<b>Agar</b>		
Recovery of nematodes from ruminants by migration from gastro-intestinal ingesta and mucosa gelled in agar: Preliminary report. J. A. VAN WYK & H. M. GERBER.....	45	29-38
<b>Amblyomma hebraeum</b>		
The activity of insect juvenile hormone mimics in larval <i>Amblyomma hebraeum</i> Koch (Acarina: Metastrata: Ixodidae). K. R. SOLOMON & AILEEN A. EVANS.....	45	39-42
Proteins and free amino acids in the salivary secretion and haemolymph of the tick <i>Amblyomma hebraeum</i> . A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT.....	45	235-240
<b>Amicarbalide</b>		
Amicarbalide: A therapeutic agent for anaplasmosis. A. J. DE VOS, P. R. BARROWMAN, J. A. W. COETZER & T. S. KELLERMAN.....	45	203-205
<b>Amino acids</b>		
Proteins and free amino acids in the salivary secretion and haemolymph of the tick <i>Amblyomma hebraeum</i> . A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT.....	45	235-240
<b>Anaplasmosis</b>		
Amicarbalide: A therapeutic agent for anaplasmosis. A. J. DE VOS, P. R. BARROWMAN, J. A. W. COETZER & T. S. KELLERMAN.....	45	203-205
<b>Antibody response</b>		
Method of production of and antibody response to an oil adjuvant <i>Bacteroides nodosus</i> bacterin. C. M. CAMERON & W. J. P. FULS.....	45	143-147
<b>Apocrine glands</b>		
The micromorphology of the apocrine glands of the intermandibular region of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	67-74
<b>Babesia bovis</b>		
Immunogenicity and pathogenicity of three South African strains of <i>Babesia bovis</i> in <i>Bos indicus</i> cattle. A. J. DE VOS.....	45	119-124
<b>Bacterial contaminants</b>		
Observations on the different methods of processing on the bacterial contaminants of bovine and ovine tripe. H. N. VAN DER MADE & J. J. VAN STADEN.....	45	133-140
<b>Bacteroides nodosus</b>		
Method of production of and antibody response to an oil adjuvant <i>Bacteroides nodosus</i> bacterin. C. M. CAMERON & W. J. P. FULS.....	45	143-147
<b>Bacterin</b>		
Method of production of and antibody response to an oil adjuvant <i>Bacteroides nodosus</i> bacterin. C. M. CAMERON & W. J. P. FULS.....	45	143-147
Production of a chicken meat infusion broth suitable for the mass production of a <i>Haemophilus gallinarum</i> bacterin. S. B. BUYS.....	45	261-262
<b>Blesbok</b>		
Parasites of domestic and wild animals in South Africa. IX. Helminths in blesbok. I. G. HORAK.....	45	55-58
<b>Blood diets</b>		
Nutritional values of different blood diets expressed as reproductive potentials in adult <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	209-212
<b>Blowfly</b>		
The efficacy of various insecticides against the larvae of <i>Lucilia cuprina</i> (Wied.), the green blowfly of sheep. I. <i>In vitro</i> tests using a resistant and susceptible strain. J. H. VILJOEN.....	45	155-163
<b>Bone marrow</b>		
Tumour regression in mice after treatment with extracts of the bone marrow from cattle harbouring tick-borne infections. A. C. KING.....	45	141-142
<b>Boophilus</b>		
Genetic incompatibility between <i>Boophilus decoloratus</i> (Koch, 1844) and <i>Boophilus microplus</i> (Canestrini, 1888) and hybrid sterility of Australian and South African <i>Boophilus microplus</i> (Acarina: Ixodidae). A. M. SPICKETT & J. R. MALAN.....	45	149-153
<b>Bos indicus</b>		
Immunogenicity and pathogenicity of three South African strains of <i>Babesia bovis</i> in <i>Bos indicus</i> cattle. A. J. DE VOS.....	45	119-124
<b>Bovine mastitis</b>		
Therapy of bovine mastitis: The intramammary tissue compatibility of mastitis remedies administered intracister-nally to cows. W. H. GIESECKE.....	45	107-118

<b>Bovine parafilariasis</b>		
Bovine parafilariasis in Southern Africa: A preliminary report. J. H. CARMICHAEL & SUSAN KOSTER.....	45	213-215
<b>Bovine tripe</b>		
Observations on the effect of different methods of processing on the bacterial contaminants of bovine and ovine tripe. H. N. VAN DER MADE & J. J. VAN STADEN.....	45	133-140
<b>Breeding media</b>		
The suitability of various types of dung and vegetable matter as larval breeding media for <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	241-243
<b>Calcium</b>		
An investigation into possible methods of assessing the intake of calcium and phosphorus by grazing sheep. P. C. BELONJE.....	45	7-22
<b>Calves</b>		
Parasites of domestic and wild animals in South Africa. VI. Helminths in calves on irrigated pastures on the Transvaal Highveld. I. G. HORAK & J. P. LOUW.....	45	23-28
The pathology of an inherited lysosomal storage disorder of calves. J. A. W. COETZER & T. A. T. LOUW.....	45	245-253
<b>Canine encephalitozoonosis</b>		
Light and electron microscopical studies on canine encephalitozoonosis: Cerebral vasculitis. A. F. VAN DELLEN, W. S. BOTHA, J. BOOMKER & W. E. J. WARNES.....	45	165-186
<b>Canine microsporidiosis</b>		
Observations on the pathology of canine microsporidiosis R. M. McCULLY, A. F. VAN DELLEN, P. A. BASSON & J. LAWRENCE.....	45	75-92
<b>Cattle</b>		
Tumour regression in mice after treatment with extracts of the bone marrow from cattle harbouring tick-borne infections. A. C. KING.....	45	141-142
Preliminary characterization of viruses isolated from cases of epididymitis and vaginitis in cattle. A. THEODORIDIS.....	45	187-195
Parasites of domestic and wild animals in South Africa. XI. Helminths in cattle on natural pastures in the Northern Transvaal. I. G. HORAK.....	45	229-234
<b>Chicken meat infusion broth</b>		
Production of a chicken meat infusion broth suitable for the mass production of a <i>Haemophilus gallinarum</i> bacterin. S. B. BUYS.....	45	261-262
<b><sup>60</sup>Co irradiation</b>		
Effects of <sup>60</sup> Co irradiation on <i>Amblyomma hebraeum</i> Koch, 1844 (Acarina: Ixodidae). A. M. SPICKETT.....	45	197-201
<b>Cows</b>		
Therapy of bovine mastitis: The intramammary tissue compatibility of mastitis remedies administered intracisterally to cows. W. H. GIESECKE.....	45	107-118
<b>Cysticerci</b>		
Surgical transfer of the cysticerci of <i>Taenia hydatigena</i> . R. C. TUSTIN & ANNA VERSTER.....	45	255-256
<b>Diptera</b>		
Nutritional values of different blood diets expressed as reproductive potentials in adult <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	209-212
The suitability of various types of dung and vegetable matter as larval breeding media for <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	241-243
<b>Domestic animals</b>		
Parasites of domestic and wild animals in South Africa. V. Helminths in sheep on dryland pasture on the Transvaal Highveld. I. G. HORAK.....	45	1-6
Parasites of domestic and wild animals in South Africa. VI. Helminths in calves on irrigated pastures on the Transvaal Highveld. I. G. HORAK & J. P. LOUW.....	45	23-28
Parasites of domestic and wild animals in South Africa. VII. Helminths in pigs slaughtered at the Pretoria Municipal Abattoir. I. G. HORAK.....	45	43-48
Parasites of domestic and wild animals in South Africa. VIII. Helminths in pigs kept under semi-intensive conditions. I. G. HORAK.....	45	49-54
Parasites of domestic and wild animals in South Africa. IX. Helminths in blesbok. I. G. HORAK.....	45	55-58
Parasites of domestic and wild animals in South Africa. X. Helminths in impala. I. G. HORAK.....	45	221-228
Parasites of domestic and wild animals in South Africa. XI. Helminths in cattle on natural pastures in the Northern Transvaal. I. G. HORAK.....	45	229-234
<b>Dung</b>		
The suitability of various types of dung and vegetable matter as larval breeding media for <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	241-243
<b>Electron microscopical studies</b>		
Light and electron microscopical studies on canine encephalitozoonosis: Cerebral vasculitis. A. F. VAN DELLEN, W. S. BOTHA, J. BOOMKER & W. E. J. WARNES.....	45	165-185
<b>Encephalitozoonosis</b>		
Light and electron microscopical studies on canine encephalitozoonosis: Cerebral vasculitis. A. F. VAN DELLEN, W. S. BOTHA, J. BOOMKER & W. E. J. WARNES.....	45	165-186
<b>Epididymitis</b>		
Preliminary characterization of viruses isolated from cases of epididymitis and vaginitis in cattle. A. THEODORIDIS.....	45	187-195
<b>Fatty acid</b>		
Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT.....	45	125-132
<b>Gland</b>		
The micromorphology of the glands of the infra-orbital cutaneous sinus of the steenbok ( <i>Raphicerus campestris</i> ) W. H. GERNEKE & M. COHEN.....	45	59-66
The micromorphology of the apocrine glands of the intermandibular region of the steenbok ( <i>Raphicerus campestris</i> ) W. H. GERNEKE & M. COHEN.....	45	67-74
<b>Glucose</b>		
Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT.....	45	125-132

<b>Haemolymph</b>		
Proteins and free amino acids in the salivary secretion and haemolymph of the tick <i>Amblyomma hebraeum</i> . A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT.....	45	235-240
<b>Haemophilus gallinarum</b>		
Production of a chicken meat infusion broth suitable for the mass production of a <i>Haemophilus gallinarum</i> bacterin. S. B. BUYS.....	45	261-262
<b>Helminths</b>		
Parasites of domestic and wild animals in South Africa. V. Helminths in sheep on dryland pasture on the Transvaal Highveld. I. G. HORAK.....	45	1-6
Parasites of domestic and wild animals in South Africa. VI. Helminths in calves on irrigated pastures on the Transvaal Highveld. I. G. HORAK & J. P. LOUW.....	45	23-28
Parasites of domestic and wild animals in South Africa. VII. Helminths in pigs slaughtered at the Pretoria Municipal Abattoir. I. G. HORAK.....	45	43-48
Parasites of domestic and wild animals in South Africa. VIII. Helminths in pigs kept under semi-intensive conditions. I. G. HORAK.....	45	49-54
Parasites of domestic and wild animals in South Africa. X. Helminths in impala. I. G. HORAK.....	45	221-228
Parasites of domestic and wild animals in South Africa. XI. Helminths in cattle on natural pastures in the Northern Transvaal. I. G. HORAK.....	45	229-234
<b>Hormone mimics</b>		
The activity of insect juvenile hormone mimics in larval <i>Amblyomma hebraeum</i> Koch (Acarina: Metastriata: Ixodidae). K. R. SOLOMON & AILEEN A. EVANS.....	45	39-42
<b>Hybrid sterility</b>		
Genetic incompatibility between <i>Boophilus decoloratus</i> (Koch, 1844) and <i>Boophilus microplus</i> (Canestrini, 1888) and hybrid sterility of Australian and South African <i>Boophilus microplus</i> (Acarina: Ixodidae). A. M. SPICKETT & J. R. MALAN.....	45	149-153
<b>Impala</b>		
Parasites of domestic and wild animals in South Africa. X. Helminths in impala. I. G. HORAK.....	45	221-228
<b>Incompatibility</b>		
Genetic incompatibility between <i>Boophilus decoloratus</i> (Koch, 1844) and <i>Boophilus microplus</i> (Canestrini, 1888) and hybrid sterility of Australian and South African <i>Boophilus microplus</i> (Acarina: Ixodidae). A. M. SPICKETT & J. R. MALAN.....	45	149-153
<b>Infra-orbital sinus</b>		
The micromorphology of the glands of the infra-orbital cutaneous sinus of the blesbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	59-66
<b>Insecticides</b>		
The efficacy of various insecticides against the larvae of <i>Lucilia cuprina</i> (Wied.), the green blowfly of sheep. I. <i>In vitro</i> tests using a resistant and susceptible strain. J. H. VILJOEN.....	45	155-163
<b>Intermandibular region</b>		
The micromorphology of the apocrine glands of the intermandibular region of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	67-74
<b>Intramammary tissue compatibility</b>		
Therapy of bovine mastitis: The intramammary tissue compatibility of mastitis remedies administered intracisterally to cows. W. H. GIESECKE.....	45	107-118
<b>Irradiation</b>		
Effects of <sup>60</sup> Co irradiation on <i>Amblyomma hebraeum</i> Koch, 1844 (Acarina: Ixodidae). A. M. SPICKETT.....	45	197-201
<b>Ixodidae</b>		
The activity of insect juvenile hormone mimics in larval <i>Amblyomma hebraeum</i> Koch (Acarina: Metastriata: Ixodidae) K. R. SOLOMON & AILEEN A. EVANS.....	45	39-42
Genetic incompatibility between <i>Boophilus decoloratus</i> (Koch, 1844) and <i>Boophilus microplus</i> (Canestrini, 1888) and hybrid sterility of Australian and South African <i>Boophilus microplus</i> (Acarina: Ixodidae). A. M. SPICKETT & J. R. MALAN.....	45	149-153
Effects of <sup>60</sup> Co irradiation on <i>Amblyomma hebraeum</i> Koch, 1844 (Acarina: Ixodidae). A. M. SPICKETT.....	45	197-201
<b>Lambs</b>		
Wesselsbron disease. Pathological, haematological and clinical studies in natural cases and experimentally infected new-born lambs. J. A. W. COETZER, A. THEODORIDIS & ANNELINE VAN HEERDEN.....	45	93-106
<b>Light studies</b>		
Light and electron microscopical studies on canine encephalitozoonosis: Cerebral vasculitis. A. F. VAN DELLEN, W. S. BOTHA, J. BOOMKER & W. E. J. WARNES.....	45	165-186
<b>Lucerne</b>		
Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT.....	45	125-132
<b>Lucilia cuprina</b>		
The efficacy of various insecticides against the larvae of <i>Lucilia cuprina</i> (Wied.), the green blowfly of sheep. I. <i>In vitro</i> tests using a resistant and susceptible strain. J. H. VILJOEN.....	45	155-163
<b>Lysosomal storage disorder</b>		
The pathology of an inherited lysosomal storage disorder of calves. J. A. W. COETZER & T. A. T. LOUW.....	45	245-253
<b>Mastitis</b>		
Therapy of bovine mastitis: The intramammary tissue compatibility of mastitis remedies administered intracisterally to cows. W. H. GIESECKE.....	45	107-118
<b>Merino</b>		
Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contributions of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT.....	45	125-132
<b>Metastriata</b>		
The activity of insect juvenile hormone mimics in larval <i>Amblyomma hebraeum</i> Koch (Acarina: Metastriata: Ixodidae). K. R. SOLOMON & AILEEN A. EVANS.....	45	39-42
<b>Mice</b>		
Tumour regression in mice after treatment with extracts of the bone marrow from cattle harbouring tick-borne infections. A. C. KING.....	45	141-142

<b>Micromorphology</b>		
The micromorphology of the glands of the infra-orbital cutaneous sinus of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	59-66
The micromorphology of the apocrine glands of the intermandibular region of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	67-74
<b>Microsporidiosis</b>		
Observations on the pathology of canine microsporidiosis. R. M. McCULLY, A. F. VAN DELLEN, P. A. BASSON & J. LAWRENCE.....	45	75-92
<b>Muscidae</b>		
Nutritional values of different blood diets expressed as reproductive potentials in adult <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	209-212
The suitability of various types of dung and vegetable matter as larval breeding media for <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	241-243
<b>Natural pastures</b>		
Parasites of domestic and wild animals in South Africa. XI. Helminths in cattle on natural pastures in the Northern Transvaal. I. G. HORAK.....	45	229-234
<b>Nematodes</b>		
Recovery of nematodes from ruminants by migration from gastro-intestinal ingesta and mucosa gelled in agar: Preliminary report. J. A. VAN WYK & H. M. GERBER.....	45	29-38
<b>Oil adjuvant</b>		
Method of production of and antibody response to an oil adjuvant <i>Bacteroides nodosus</i> bacterin. C. M. CAMERON & W. J. P. FULS.....	45	143-147
<b>Ovine tripe</b>		
Observations on the effect of different methods of processing on the bacterial contaminants of bovine and ovine tripe. H. N. VAN DER MADE & J. J. VAN STADEN.....	45	133-140
<b>Parafilariasis</b>		
Bovine parafilariasis in Southern Africa: A preliminary report. J. H. CARMICHAEL & SUSAN KOSTER.....	45	213-215
<b>Parasites</b>		
Parasites of domestic and wild animals in South Africa. V. Helminths in sheep on dryland pasture on the Transvaal Highveld. I. G. HORAK.....	45	1-6
Parasites of domestic and wild animals in South Africa. VI. Helminths in calves on irrigated pastures on the Transvaal Highveld. I. G. HORAK & J. P. LOUW.....	45	23-28
Parasites of domestic and wild animals in South Africa. VII. Helminths in pigs slaughtered at the Pretoria Municipal Abattoir. I. G. HORAK.....	45	43-48
Parasites of domestic and wild animals in South Africa. VIII. Helminths in pigs kept under semi-intensive conditions. I. G. HORAK.....	45	49-54
Parasites of domestic and wild animals in South Africa. IX. Helminths in blesbok. I. G. HORAK.....	45	55-58
Parasites of domestic and wild animals in South Africa. X. Helminths in impala. I. G. HORAK.....	45	221-228
Parasites of domestic and wild animals in South Africa. XI. Helminths in cattle on natural pastures in the Northern Transvaal. I. G. HORAK.....	45	229-234
<b>Pasteurella multocida</b>		
The serological and immunological relationship of type strains A and D of <i>Pasteurella multocida</i> to field isolates from sheep. C. M. CAMERON, MARIA M. ENGELBRECHT & ALETTA S. M. VERMEULEN.....	45	215-220
<b>Pathology</b>		
The pathology of an inherited lysosomal storage disorder of calves. J. A. W. COETZER & T. A. T. LOUW.....	45	245-253
<b>Phosphorus</b>		
An investigation into possible methods of assessing the intake of calcium and phosphorus by grazing sheep. P. C. BELONJE.....	45	7-22
<b>Pigs</b>		
Parasites of domestic and wild animals in South Africa. VII. Helminths in pigs slaughtered at the Pretoria Municipal Abattoir. I. G. HORAK.....	45	43-48
Parasites of domestic and wild animals in South Africa. VIII. Helminths in pigs kept under semi-intensive conditions. I. G. HORAK.....	45	49-54
<b>Processing</b>		
Observations on the effect of different methods of processing on the bacterial contaminants of bovine and ovine tripe. H. N. VAN DER MADE & J. J. VAN STADEN.....	45	133-140
<b>Propionic acid</b>		
Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT.....	45	125-132
<b>Proteins</b>		
Proteins and free amino acids in the salivary secretion and haemolymph of the tick <i>Amblyomma hebraeum</i> . A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT.....	45	235-240
<b>Raphicerus campestris</b>		
The micromorphology of the glands of the infra-orbital cutaneous sinus of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	59-66
The micromorphology of the apocrine glands of the intermandibular region of the steenbok ( <i>Raphicerus campestris</i> ). W. H. GERNEKE & M. COHEN.....	45	67-74
<b>Reproductive potentials</b>		
Nutritional values of different blood diets expressed as reproductive potentials in adult <i>Stomoxys calcitrans</i> L. (Diptera: Muscidae). B. SUTHERLAND.....	45	209-212
<b>Ruminants</b>		
Recovery of nematodes from ruminants by migration from gastro-intestinal ingesta and mucosa gelled in agar: Preliminary report. J. A. VAN WYK & H. M. GERBER.....	45	29-38
<b>Salivary secretion</b>		
Proteins and free amino acids in the salivary secretion and haemolymph of the tick <i>Amblyomma hebraeum</i> . A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT.....	45	235-240

## Sheep

- Parasites of domestic and wild animals in South Africa. V. Helminths in sheep on dryland pasture on the Transvaal Highveld. I. G. HORAK..... 45 1-6
- An investigation into possible methods of assessing the intake of calcium and phosphorus by grazing sheep. P. C. BELONJE..... 45 7-22
- Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT... 45 125-132
- The efficacy of various insecticides against the larvae of *Lucilia cuprina* (Wied.), the green blowfly of sheep. I. *In vitro* tests using a resistant and susceptible strain. J. H. VILJOEN..... 45 155-163
- The serological and immunological relationship of type strains A and D of *Pasteurella multocida* to field isolates from sheep. C. M. CAMERON, MARIA M. ENGELBRECHT & ALETTA S. M. VERMEULEN..... 45 215-220
- An attempt to treat the larval stage of *Taenia multiceps* and a résumé of its neural and extra-neural distribution in sheep. ANNA VERSTER, R. C. TUSTIN & R. K. REINECKE..... 45 257-259

## Steenbok

- The micromorphology of the glands of the infra-orbital cutaneous sinus of the steenbok (*Raphicerus campestris*). W. H. GERNEKE & M. COHEN..... 45 59-66
- The micromorphology of the apocrine glands of the intermandibular region of the steenbok (*Raphicerus campestris*). W. H. GERNEKE & M. COHEN..... 45 67-74

## Stomoxys calcitrans

- Nutritional values of different blood diets expressed as reproductive potentials in adult *Stomoxys calcitrans* L. (Diptera: Muscidae). B. SUTHERLAND..... 45 109-212
- The suitability of various types of dung and vegetable matter as larval breeding media for *Stomoxys calcitrans* L. (Diptera: Muscidae). B. SUTHERLAND..... 45 241-243

## Taenia hydatigena

- Surgical transfer of the cysticerci of *Taenia hydatigena*. R. C. TUSTIN & ANNA VERSTER..... 45 255-256

## Taenia multiceps

- An attempt to treat the larval stage of *Taenia multiceps* and a résumé of its neural and extraneural distribution in sheep. ANNA VERSTER, R. C. TUSTIN & R. K. REINECKE..... 45 257-259

## Therapeutic agent

- Amicarbalide: A therapeutic agent for anaplasmosis. A. J. DE VOS, P. R. BARROWMAN, J. A. W. COETZER & T. S. KELLERMAN..... 45 203-205

## Tick

- Proteins and free amino acids in the salivary secretion and haemolymph of the tick *Amblyomma hebraeum*. A. W. H. NEITZ, C. J. HOWELL, D. J. J. POTGIETER & J. D. BEZUIDENHOUT..... 45 235-240

## Tick-borne infections

- Tumour regression in mice after treatment with extracts of the bone marrow from cattle harbouring tick-borne infections. A. C. KING..... 45 141-142

## Tripe

- Observations on the effect of different methods of processing on the bacterial contaminants of bovine and ovine tripe. H. N. VAN DER MADE & J. J. VAN STADEN..... 45 133-140

## Tumour regression

- Tumour regression in mice after treatment with extracts of the bone marrow from cattle harbouring tick-borne infections. A. C. KING..... 45 141-142

## Vaginitis

- Preliminary characterization of viruses isolated from cases of epididymitis and vaginitis in cattle. A. THEODORIDIS..... 45 187-195

## Vasculitis

- Light and electron microscopical studies on canine encephalitozoonosis: Cerebral vasculitis. A. F. VAN DELLEN, W. S. BOTHA, J. BOOMKER & W. E. J. WARNES..... 45 165-186

## Vegetable matter

- The suitability of various types of dung and vegetable matter as larval breeding media for *Stomoxys calcitrans* L. (Diptera: Muscidae). B. SUTHERLAND..... 45 241-243

## Virus

- Preliminary characterization of viruses isolated from cases of epididymitis and vaginitis in cattle. A. THEODORIDIS..... 45 187-195

## Volatile fatty acids

- Volatile fatty acid metabolism in sheep. 3. Diurnal variation in the contribution of ruminal propionic acid production to the whole body glucose turnover of Merino sheep fed lucerne hay twice daily. J. G. VAN DER WALT..... 45 125-132

## Wesselsbron disease

- Wesselsbron disease. Pathological haematological and clinical studies in natural cases and experimentally infected new-born lambs. J. A. W. COETZER, A. THEODORIDIS & ANNELINE VAN HEERDEN..... 45 93-106

## Wild animals

- Parasites of domestic and wild animals in South Africa. V. Helminths in sheep on dryland pasture on the Transvaal Highveld. I. G. HORAK..... 45 1-6
- Parasites of domestic and wild animals in South Africa. VI. Helminths in calves on irrigated pastures on the Transvaal Highveld. I. G. HORAK & J. P. LOUW..... 45 23-28
- Parasites of domestic and wild animals in South Africa. VII. Helminths in pigs slaughtered at the Pretoria Municipal Abattoir. I. G. HORAK..... 45 43-48
